Independent Auditor's Report

Honorable Mayor and
Members of the City Council
City of Glenpool, Oklahoma
Glenpool, Oklahoma

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Glenpool, Oklahoma (the City), as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the City, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As described in Note 7 to the financial statements, the fiscal year 2025 beginning net position has been restated to reflect the implementation of GASB 101. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Honorable Mayor and
Members of the City Council
City of Glenpool, Oklahoma
Page 2

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Honorable Mayor and
Members of the City Council
City of Glenpool, Oklahoma
Page 3

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and other benefit plan analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining nonmajor fund financial statements and schedule of expenditures of federal awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements and schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 14, 2026, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Glenpool, Oklahoma's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Our discussion and analysis of the City of Glenpool's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2025. Please read it in conjunction with the City's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- For the fiscal year ended June 30, 2025, the City's total net position increased \$11,708,022 or 28.1% from the prior year.
- During the year, the City's expenses for governmental activities were \$16,633,688 and were funded by program revenues of \$2,323,669 and further funded with taxes and other general revenues that totaled \$17,893,289 excluding net transfers.
- In the City's business-type activities, such as utilities, total program revenues exceeded expenses by \$7,704,806. The largest portion of these revenues are related to capital contributions.
- At June 30, 2025, the General Fund reported an unassigned fund balance of \$9,977,047, which is an increase of 2.03% from the prior year unassigned fund balance.
- For budgetary reporting purposes, the General Fund reported total resources (inflows) over estimates by \$403,310 or 2.5%, while expenditures (outflows) were under the final appropriations by \$1,479,404 or 6.9%.

Overview of the Financial Statements

The financial statements presented herein include all the activities of the City of Glenpool (the "City") and its component units using the integrated approach as prescribed by GASB Statements No. 14, 34, 39 and 61. Included in this report are government-wide statements for each of two categories of activities - governmental and business-type.

The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business type activities separately and combined. These statements include all assets of the City (including infrastructure) and deferred outflows as well as all liabilities (including long-term debt) and deferred inflows.

About the City

The City is organized under the statutes of the State of Oklahoma. The City operates under a Council-Manager form of government and is governed by council members. The five members elect the mayor from their own body. The City provides the following services as authorized by the State: general government, code and planning, public safety (fire, police, animal control and court), streets and parks, community development, and economic development for the geographical area organized as the City.

The City's Financial Reporting Entity

This annual report includes all activities for which the City of Glenpool City Council is fiscally responsible. These activities, defined as the City's financial reporting entity, are operated within separate legal entities that make up the primary government.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

The City's financial reporting entity includes the primary government (City of Glenpool) and the blended component units as follows:

- The City of Glenpool - that operates the public safety; streets and roads; culture recreation; public improvements; planning and zoning; and general administrative services.
- The Glenpool Utility Services Authority (GUSA) - that operates the water, sewer and sanitation services of the City.
- The Glenpool Industrial Authority - that operates the industrial development services of the City.

Using This Annual Report

This annual report is presented in a format that substantially meets the presentation requirements of the Governmental Accounting Standards Board (GASB) in accordance with generally accepted accounting principles. The presentation includes financial statements that communicate the City's financial condition and changes therein at two distinct levels:

- The City as a whole (a government-wide presentation)
- The City's funds (a presentation of the City's major and aggregate non-major funds)

The City's various government-wide and fund financial statements are presented throughout this annual report and are accompanied by:

- Management's Discussion and Analysis - provides useful analysis that facilitates a better understanding of the City's financial condition and changes therein.
- Footnotes - elaborates on the City's accounting principles used in the preparation of the financial statements and further explain financial statement elements.
- Supplemental Information - provides additional information about specified elements of the financial statements, such as budgetary comparison information.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities

One of the most frequently asked questions about the City's finances is, "Has the City's overall financial condition improved, declined or remained steady over the past year?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows, liabilities and deferred inflows using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in it from the prior year. You can think of the City's net position - the difference between assets, deferred outflows, liabilities and deferred inflows - as one way to measure the City's financial condition. Over time, increases or decreases in the City's net position is one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the City's property tax base, the condition of the City's roads, and the quality of services to assess the overall health of the City.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

As mentioned above, in the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- Governmental activities - Most of the City's basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, and fines finance most of these activities.
- Business-type activities - The City charges a fee to customers to cover the cost of certain services it provides. The city's water, sewer and sanitation services are reported here, along with industrial development activity.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

Governmental funds - Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following each Governmental Fund financial statement.

Proprietary funds - When the City charges customers for the services it provides - whether to outside customers or to other units of the City - these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Fund Net Position. In fact, the City's enterprise funds are essentially the same as the business-type activities we report in the government-wide statements but provide more details and additional information, such as cash flows.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

The City as a Whole

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the year ended June 30, 2025, net position was as follows:

	NET POSITION (In Thousands)									
	Governmental Activities		% Inc. (Dec.)	Business-Type Activities		% Inc. (Dec.)	Total		% Inc. (Dec.)	
	2025	2024		2025	2024		2025	2024		
Current assets	\$ 25,327	\$ 23,553	8%	\$ 9,472	\$ 8,976	6%	\$ 34,799	\$ 32,529	7%	
Capital assets, net	18,653	17,245	8%	48,626	39,323	24%	67,279	56,568	19%	
Total assets	43,980	40,798	8%	58,098	48,299	20%	102,078	89,097	15%	
Deferred outflows	3,891	3,255	20%	1,367	1,437	-5%	5,258	4,692	12%	
Current liabilities	5,054	3,885	30%	2,515	2,359	7%	7,569	6,244	21%	
Non-current liabilities	12,030	9,996	20%	33,151	34,664	-4%	45,181	44,660	1%	
Total liabilities	17,084	13,881	23%	35,666	37,023	-4%	52,750	50,904	4%	
Deferred inflows	1,096	1,104	-1%	99	98	1%	1,195	1,202	-1%	
Net position										
Net investment in capital assets	16,532	15,393	7%	19,472	8,586	127%	36,004	23,979	50%	
Restricted	8,041	5,398	49%	1,054	988	7%	9,095	6,386	42%	
Unrestricted	5,118	8,277	-38%	3,174	3,041	4%	8,292	11,318	-27%	
Total net position	\$ 29,691	\$ 29,068	2%	\$ 23,700	\$ 12,615	88%	\$ 53,391	\$ 41,683	28%	

The above numbers reflect an increase in total net position of 2% for governmental activities and an increase of 88% for business-type activities. Overall, the net position for both governmental and business-type activities increased 28% over last fiscal year.

Governmental activities restricted net position increased by 49% due mainly to an increase in capital projects the City has been contractually obligated to, including but not limited to CARES spending and the City's match for various ODOT street projects. Current liabilities also increased by 30% due to new notes payable for police vehicles and fire truck refurbishing.

Business-type activities net investment in capital assets increased by 127% due mainly to an increase in construction in progress related to the wastewater treatment plant of approximately \$10.1 million. This is also the primary cause of the 24% increase in capital assets, net of depreciation.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

For the year ended June 30, 2025, net position of the primary government changed as follows:

Governmental activities operating grants and contributions revenue increased by 39% during the year due mainly to an increase in pension related on-behalf payments for fire and police made by the State.

Business-type activities capital grants and contributions increased by 269% during the year due to approximately \$10.03 million of ARPA grant revenue being used in the current year.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

Governmental Activities

To aid in the understanding of the Statement of Activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants. Some of the individual line-item revenues reported for each function are:

General government: Permits and licenses, inspections fees

Public safety: Fines and forfeitures, E-911, dog pound fees, grants, on-behalf payments

Streets and parks: Development fees, gas excise tax, commercial vehicle tax, capital contributions

All other governmental revenues are reported as general. It is important to note that all taxes are classified as general revenue even if restricted for a specific purpose.

	(In Thousands)					
	Total Expense of Services		% Inc. (Dec.)		Net Revenue (Expense) of Services	
	(Restated)	2025	2024	(Restated)	2025	2024
General government	\$ 3,054	\$ 2,197	39%	\$ (2,892)	\$ (2,029)	43%
Public safety	11,407	9,949	15%	(9,385)	(8,411)	12%
Streets and parks	1,529	1,229	24%	(1,390)	(980)	42%
Community development	565	761	-26%	(565)	(761)	-26%
Economic development	(4)	-		4	-	
Interest on long-term debt	83	40	108%	(83)	(40)	108%
Total	<u>\$ 16,634</u>	<u>\$ 14,176</u>	17%	<u>\$ (14,311)</u>	<u>\$ (12,221)</u>	17%

Business-Type Activities

The business-type activities had an increase in net position of \$11,085,011.

	(In Thousands)					
	Total Expense of Services		% Inc. Dec.		Net Revenue (Expense) of Services	
	(Restated)	2025	2024	(Restated)	2025	2024
Water	\$ 4,814	\$ 4,591	5%	\$ (1,642)	\$ (1,470)	12%
Sewer	1,713	1,654	4%	9,928	2,646	275%
Sanitation	1,090	1,015	7%	(164)	(115)	43%
Industrial development	715	694	3%	(442)	(446)	-1%
Conference center	387	469	-17%	25	(72)	-135%
Total	<u>\$ 8,719</u>	<u>\$ 8,423</u>	4%	<u>\$ 7,705</u>	<u>\$ 543</u>	1319%

Water net expense increased by approximately \$172,000 (12%) due to an increase in current year expenses of approximately \$224,000 and an increase in charges for services of \$54,000.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Sewer net revenue increased by approximately \$7,282,000 (275%) due to an increase in capital grants and contributions in FY 25 of approximately \$7.3 million.

Sanitation net expense increased by approximately \$49,000 (43%) due to an increase in expenses in the current year.

Conference center net revenue increased by approximately \$97,000 (135%) due mainly to a decrease in current year expenses.

General Fund Budgetary Highlights

For the year ended June 30, 2025, the General Fund reported actual budgetary basis revenues over final estimates by \$403,310 or 2.5% positive variance. General Fund actual expenditures were under final appropriations by \$1,479,404 or 6.9% positive variance.

Capital Asset and Debt Administration

Capital Assets

At the end of June 30, 2025, the City has \$67.3 million invested in capital assets including police and fire equipment, buildings, water and sewer lines, roads, and park facilities, among others.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

This year's more significant capital asset additions are the purchase of 5 new police vehicles for \$361,932, the refurbishment of two fire trucks and related equipment for \$599,778, new streets construction projects totaling 1,195,831 across 5 different projects, and additions to the Wasteload & Wetland WWTP construction project of \$10,056,881.

Debt Administration

At year-end, the City had approximately \$37.9 million in outstanding notes, bonds, and subscription obligations, and additionally, the City had \$1.3 million in accrued compensated absences and utility deposits liability.

Economic Factors and Next Year's Budget

The City saw moderate growth in sales and use tax in FY24-25, with a 1.7% increase in sales tax and a 6.6% increase in use tax over the prior year. While we expect both sales and use tax to continue to grow in FY25-26, staff took a conservative approach to the FY25-26 budget and presented to Council a budget with modest expenditure increases. The FY25-26 sales tax revenue budget is based on a 1.5% increase over the FY24-25 actual collections.

Since the advent of the FY25-26 budget year, sales tax growth has slowed as compared to previous years. Use tax collections for the first several months of the fiscal year are 8.1% higher, while sales tax collections are 1.1% lower than the prior fiscal year. In response, staff have continued to manage costs, with year-to-date General Fund expenditures \$289,039, or 6.6%, below budget. Additionally, in FY2025, residential building permits are down, while commercial building permits are up only moderately. Staff continue to monitor sales and use tax, as well as development activity, closely as we near the third quarter of the fiscal year and begin to make preparations for the FY26-27 budget.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

The FY25-26 budget included satisfactory performance increases for the Fire and Police Department as required in their respective Collective Bargaining Agreements, a 1% increase to the Police pension contributions as required by State law, and a 4% raise for non-union employees. The budget also included costs for increased health, property, and general liability/auto insurance premiums. The FY25-26 budget included 127 total positions, representing no change from the previous year. Additionally, as in recent years, the City budgeted one-time capital needs from the growth in fund balance instead of planned revenue for the fiscal year. The budget also included several key priorities, including a Black Gold Park master plan, Zoning and Comprehensive Plan updates, a housing study, and additional park improvements.

Finally, the City has begun construction on a mechanical wastewater treatment facility to replace the current lagoon settlement system. This \$65 million project is financed primarily by a \$44 million grant through the American Recovery Plan Act. Construction began in the spring of 2025, and this new and expanded system will be designed to meet the needs of the City's continued population growth.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Director's Office at 12205 S. Yukon Avenue, Glenpool, OK 74033 or phone at (918) 322-5409.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

Reconciliation of Governmental Funds and Government-Wide Financial Statements:

Total fund balance, governmental funds	\$ 20,757,695
--	---------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in this fund financial statement, but are reported in the governmental activities of the Statement of Net Position.

18,653,145

Other long-term assets are not available to pay for current period expenditures and therefore they, along with pension and OPEB related deferred outflows, are not reported in the funds.

Unavailable revenue	310,046
Pension and OPEB related deferred outflows	<u>3,891,180</u>
	<u>4,201,226</u>

Some liabilities (such as Notes Payable, Subscription Obligations, Long-term Compensated Absences, Bonds Payable, OPEB, and net pension liability), are not due and payable in the current period and therefore, they, along with pension and OPEB related deferred inflows, are not included in the fund financial statement, but are included in the governmental activities of the Statement of Net Position.

Accrued interest payable	(20,850)
Notes payable	(2,042,257)
Subscription obligations	(78,495)
Total net OPEB liability	(780,118)
Net pension liability	(9,096,333)
Pension and OPEB related deferred inflows	(1,066,538)
Accrued compensated absences	<u>(836,669)</u>
	<u>(13,921,260)</u>

Net Position of Governmental Activities in the Statement of Net Position	<u>\$ 29,690,806</u>
--	----------------------

See accompanying notes to the basic financial statements.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

Reconciliation of Governmental Funds and Government-Wide Financial Statements:

Net change in fund balances - total governmental funds:	\$ 794,250
---	------------

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets and bond issue costs as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period.

Capital asset purchases capitalized	12,688,224
Capital assets transferred to business-type activities	(10,056,881)
Amortization expense	(35,239)
Depreciation expense	<u>(1,187,577)</u>
	<u>1,408,527</u>

In the Statement of Activities, the net cost of pension benefits earned net of employee contributions is reported as an element of pension expense. The fund financial statements report pension contributions as pension expenditures.

(1,436,826)

In the Statement of Activities, the net cost of OPEB benefits earned is calculated and reported as OPEB expense. The fund financial statements report OPEB contributions as OPEB expenditures/expenses. This amount represents the difference between OPEB contributions and calculated OPEB expense.

(64,196)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Change in unavailable revenue	145,998
-------------------------------	---------

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position:

Principal payments on long-term debt	661,440
Proceeds of long-term debt	(964,998)
Principal payments on subscription obligations	34,591
	<u>(268,967)</u>

Some expenses reported in the statement of activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:

Change in accrued interest payable	(3,564)
Change in accrued compensated absences	47,789
	<u>44,225</u>

Change in net position of governmental activities

\$ 623,011

See accompanying notes to the basic financial statements.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

FOOTNOTES TO THE BASIC FINANCIAL STATEMENTS

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Footnotes to the Basic Financial Statements:

1. Summary of Significant Accounting Policies

A. Financial Reporting Entity

The City's financial reporting entity includes the primary government (City of Glenpool) and the blended component units as noted below. This annual report includes all activities for which the City of Glenpool City Council/Manager is fiscally responsible.

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statements No. 14, 34, 39, and 61 and includes all component units for which the City is financially accountable.

The City of Glenpool – that provides public safety, health and welfare, streets and highways, parks and recreation, and administrative activities.

The City of Glenpool has a population of 14,567 located in northeast Oklahoma. The City is a Council/Manager form of government that provides for three branches of government:

- Legislative – the City Council is the governing body elected by the citizens
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Council

The City provides typical municipal services such as public safety, street maintenance, parks and recreation, community development and economic development.

Blended Component Units:

- **The Glenpool Utility Services Authority (GUSA)** – created pursuant to a Trust Indenture for the benefit of the City of Glenpool, Oklahoma. The GUSA was established to acquire, construct, develop, equip, operate, maintain, repair, enlarge and remodel water and sewer facilities for the City of Glenpool. The water and sanitary sewer systems owned by the City have been leased to the GUSA until such date that all indebtedness of the GUSA is retired or provided for. The GUSA is a public trust and an agency of the State of Oklahoma under Title 60, Oklahoma Statutes 1991, Section 176, et seq., and is governed by a board consisting of five trustees identical to the City Council.
- **The Glenpool Industrial Authority (GIA)** – created September 28, 1981, for the benefit of the City of Glenpool, Oklahoma. The GIA was created to promote the development of industry and to provide additional employment in the Glenpool, Oklahoma area. The GIA is a public trust and an agency of the State of Oklahoma under Title 60, Oklahoma Statutes 1991, Section 176, et seq., and is governed by a board consisting of five trustees appointed by the City Council.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

These component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authorities. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation of the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

B. Basis of Presentation and Accounting

Government-Wide Financial Statements:

The statements of net position and activities are reported on the accrual basis of accounting and economic resources measurement focus. Under the accrual basis of accounting, revenues are recognized when earned and expenses (including depreciation and amortization) are recorded when the liability is incurred or economic asset used.

Program revenues in the Statement of Activities are revenues that are derived directly from each activity or from parties outside of the City's taxpayers. The City has the following program revenues in each activity:

- Public Safety – Fire, Police, Dispatch, Animal control, Emergency management – fines and forfeitures, 911 revenue and restricted operating grants.
- Streets and parks – Development fees, commercial vehicle and gasoline excise tax shared by the State and other capital grants and contributions.
- Community development.
- Economic development.
- General Government – licenses and permits.

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

Governmental Funds:

The City's governmental funds include:

Major Funds:

- General Fund – accounts for all activities not accounted for in other special-purpose funds.
- Public Safety Personnel Fund – a special revenue fund that accounts for a 0.55% dedicated sales tax that is used solely for public safety personnel expenditures.
- ARPA Grant Fund – a special revenue fund that accounts for grant revenue from the American Rescue Plan Act.
- Public Safety Capital Fund – a capital project fund that accounts for a 0.26% dedicated sales tax that is used solely for public safety equipment and capital improvements.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Aggregated Non-Major Funds (reported as Other Governmental Funds):

Special Revenue Funds:

- Hotel-Motel Tax Fund – accounts for a 5% hotel-motel tax used to encourage, promote, and foster economic development, culture and leisure in the city.

Capital Project Funds:

- Parks & Recreational Fund – accounts for revenue from housing developers used for park improvements.
- Capital Improvement Fund – accounts for monies set aside by City Council for capital improvements.
- Streets and Infrastructure Fund – accounts for a 0.29% dedicated sales tax that is used for streets and infrastructure improvements.

The governmental funds are reported on the modified accrual basis of accounting. On the modified accrual basis of accounting, revenues are recorded when earned and measurable and available to pay current financial obligations, while expenditures are recorded when incurred and payable from current financial resources. The City defines revenue availability as collected within 60 days of period end.

The reconciliation of the governmental funds financial statements to the governmental activities presentation in the government-wide financial statements is the result of the use of the accrual basis of accounting and economic resources measurement focus at the government-wide level.

The General Fund, ARPA Fund, Public Safety Personnel Fund and Public Safety Capital Fund are considered major funds and are therefore displayed in separate columns. All other governmental funds are considered non-major funds and are aggregated under the column titled Other Governmental Funds.

Proprietary Funds:

The City's proprietary funds include:

Enterprise Fund

- Glenpool Utility Service Authority Fund - accounts for the activities of the public trust in providing water, sewer and sanitation services to the public.
- Glenpool Industrial Authority Fund - accounts for the activities of the public trust in supporting industrial development as well as the operation of the Glenpool Conference Center.

The proprietary funds are reported on the accrual basis of accounting and economic resources measurement focus. For purposes of the statement of revenues, expenses and changes in fund net position, operating revenues and expenses are considered those whose cash flows are related to operating activities, while revenues and expenses related to financing, capital and investing activities are reported as non-operating or transfers and contributions.

C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets, deferred outflows, liabilities and deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets, deferred outflows, liabilities and deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows, liabilities and deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter (within 60 days of period end) to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity

Cash and Investments

For the purposes of the statements of net position, balance sheets, and statement of cash flows, "cash and cash equivalents" includes all demand and savings accounts, and certificates of deposits or short-term investments with an original maturity of three months or less. Investments of the promissory note trustee accounts are considered cash equivalents.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Investments are carried at fair value. Fair value is based on quoted market price.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include sales and use taxes, franchise taxes, grants, police fines, and miscellaneous fees. Business-type activities report utilities as its major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as sales tax, franchise tax, miscellaneous, and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available. Proprietary fund material receivables consist of all revenues earned at year-end and not yet received. Utility accounts receivable comprise the majority of proprietary fund receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements

In the government-wide financial statements, capital assets are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. A capitalization threshold of \$10,000 is used to report capital assets. The range of estimated useful lives by type of asset is as follows:

- Buildings	40 years
- Furniture, Fixtures and Equipment	3-5 years
- Land Improvements	20 years
- Vehicles	5-20 years
- Infrastructure	10-50 years

Intangible leased assets are amortized over the life of the associated contract.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Restricted Assets

Restricted assets include cash and investments of the proprietary fund that are legally restricted as to their use. The primary restricted assets are related to revenue bond and OWRB note payable trustee accounts and utility meter deposits.

Long-Term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes payable, capital leases, revenue bonds, and accrued compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for the proprietary fund is the same in the fund statements as it is in the government-wide statements.

Compensated Absences

The City's policies regarding vacation, sick, and compensatory time permit employees to accumulate varying amounts as determined by management and contracts with employee groups. Compensated absences are reported as accrued in the government-wide and proprietary financial statements. Governmental funds report only the matured compensated absences payable to currently terminating employees.

Deferred Outflows and Inflows

Deferred outflows and inflows are the consumption or acquisition of net position by the City that are applicable to a future reporting period. At June 30, 2025, the City's deferred outflows and deferred inflows of resources were comprised of pension, OPEB, debt refunding related deferrals and leases. As mentioned in Note 1.H., certain pension and OPEB amounts are deferred, some as outflows and others as inflows, amortized as a component of pension and insurance expense in future periods.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Equity Classifications

Government-Wide and Proprietary Fund Financial Statements:

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

It is the City’s policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Governmental Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Nonspendable – includes amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. The City currently has no nonspendable fund balance.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision-making authority. The City’s highest level of decision-making authority is made by ordinance. Currently, the City has no committed fund balance.
- d. Assigned – includes amounts that are constrained by the City’s intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City’s policy to first use restricted fund balance prior to the use of the unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City’s policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

E. Revenues, Expenditures, and Expenses

Sales Tax

The City presently levies a 5.1 cent sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission. Four cents are recorded in the General Fund (three cents as undedicated and one cent as dedicated), 0.29 cents in the Streets and Infrastructure Fund, 0.26 cents in the Public Safety Capital Fund, and the remaining 0.55 cents in the Public Safety Personnel Fund.

Sales tax resulting from sales occurring prior to year-end and received by the City after year-end have been accrued and are included under the caption "Due from other governments". They represent taxes on sales occurring prior to year-end.

Property Tax

Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments.

As of June 30, 2025, the City had no outstanding general obligation bonds or judgments. No property tax was levied during the fiscal year ended June 30, 2025.

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds - By Character:	Current (further classified by function)
	Debt Service
	Capital Outlay

Proprietary Fund - By Operating and Non-Operating:

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to the use of economic resources.

F. Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide Statement of Net Position and Statement of Activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Fund Financial Statements:

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

1. Interfund loans - amounts provided with a requirement for repayment are reported as interfund receivables and payables.
2. Interfund services - sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
3. Interfund reimbursements - repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
4. Interfund transfers - flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Government-Wide Financial Statements:

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

1. Internal balances - amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
2. Internal activities - amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers - Internal Activities. The effect of interfund services between funds, if any, are not eliminated in the Statement of Activities.

G. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

The City generally uses an estimate based on municipal bond rate yield curves as the discount rate for leases unless the rate that the lessor/vendor charges is known.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

H. Pensions and OPEB

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Firefighters Pension & Retirement System (OFPERS) and Oklahoma Police Pension & Retirement System (OPPRS), and additions to/deductions from OFPERS and OPPRS fiduciary net position have been determined on the same basis as they are reported by OFPERS and OPPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by these funds are reported at fair value.

For purposes of measuring the total OPEB liability or net OPEB asset, deferred outflows of resources, and deferred inflows and OPEB expense for the single employer other postemployment benefit plan the measurement has been prepared in accordance with GASB Statement No. 75.

2. Cash, Cash Equivalents, and Investments

For the purpose of the statements of net position, balance sheets, and statement of cash flows, cash and cash equivalents includes all demand and savings accounts, certificates of deposit or short-term investments with an original maturity of three-months or less and money market accounts.

At June 30, 2025, the reporting entity held the following deposits and investments:

Primary Government:

Type	Maturities	Rating	Fair Value Hierarchy	Carrying Value
Deposits:				
Demand deposits				\$ 24,546,786
Cash on hand				200
Time deposit	Due within 1 year			304,495
				<u>24,851,481</u>
Investments:				
Invesco S/T Inv Treas Oblg-Rsry 1910		AAA-m	N/A	5,203,976
				<u>5,203,976</u>
Total deposits and investments				<u>\$ 30,055,457</u>
Reconciliation to Statement of Net Position:				
Cash and cash equivalents				\$ 29,750,962
Investments				304,495
				<u>\$ 30,055,457</u>

Custodial Credit Risk – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City's name, or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City's name.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

The City's policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value, at least at a level of 100% of the uninsured deposits and accrued interest thereon. At June 30, 2025, the City was not exposed to custodial credit risk.

Investment Credit Risk - The City has no investment policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U. S. Government, its agencies and instrumentalities to which the full faith and credit of the U. S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. Federally insured certificates of deposit issued through the Certificate of Deposit Account Registry Service ("CDARS") by financial institutions located in the United States, provided that (i) the funds are initially invested through a financial institution that is participating in CDARS (ii) the financial institution received reciprocal deposits from customers of other financial institutions in an amount equal to the funds initially invested; and (iii) each such certificate of deposit is in an amount that is eligible for full FDIC insurance coverage.

As noted in the schedule of deposits and investments above at June 30, 2025, all of the City's investments in debt securities were rated AAA-m by Standard & Poor.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Currently, the City has no investments that require this disclosure.

Investment Interest Rate Risk - the City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk - the City places no limit on the amount it may invest in any one issuer. Since the City has all investments in certificates of deposit, government securities, or money market accounts, there is no concentration of investment credit risk exposure.

Restricted Cash and Investments – The amounts reported as restricted assets of the proprietary fund statement of net position are comprised of amounts restricted for debt service, construction purposes and Public Works Authority customer utility deposits. The restricted assets as of June 30, 2025 are as follows:

	Current	
	Cash and cash equivalents	Investments
2011 OWRB CWSRF Debt Service Account	\$ 63,824	\$ -
2019 Construction Fund	4,048,413	-
2019 Tax Bond Fund	1,091,739	-
Meter deposits	142,663	214,191
Total	\$ 5,346,639	\$ 214,191

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

3. Accounts Receivable

Accounts Receivable - Accounts receivable of the business-type activities consist of customers utilities services provided, both billed and unbilled, due at year end, reported net of allowance for uncollectible amounts and other miscellaneous receivables. The governmental activities receivables include court fines receivables and other miscellaneous receivables.

	Accounts Receivable	Less: Allowance for Uncollectible Accounts		Net Accounts Receivable
		Accounts	Receivable	
Governmental Activities:				
Court fines	\$ 2,361,697	\$ (2,125,526)	\$ 236,171	
Other receivables	165,588	(14,918)	150,670	
Total Governmental Activities	\$ 2,527,285	\$ (2,140,444)	\$ 386,841	
Business-Type Activities:				
Utilities	\$ 1,042,801	\$ (340,487)	\$ 702,314	
Other receivables	309,543	(309,543)	-	
Total Business-Type Activities	\$ 1,352,344	\$ (650,030)	\$ 702,314	

4. Leases Receivables

The City is a party as lessor for two noncancelable long-term leases of land, and infrastructure. The corresponding lease receivables, are recorded in an amount equal to the present value of the expected future minimum lease payments received, respectively, discounted by an applicable interest rate. Lease-related amounts are recognized at the inception of leases in which the city is the lessor and are recorded in an amount equal to the corresponding lease receivable plus certain additional amounts received from the lessee at or before the commencement of the lease term that relate to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease.

Governmental Activities

The City as a lessor, has entered into lease agreements involving land and infrastructure. The total amount of inflows of resources, including lease revenue and interest revenue recognized during the fiscal year was \$11,596.

5. Capital Assets and Depreciation

Capital Assets:

Capital assets consist of land, land improvement, construction in progress, buildings and building improvements, machinery and equipment, infrastructure, and intangible leased equipment. Capital assets are reported at actual or estimated historical cost. Donated capital assets are recorded at their fair value at the date of donation. For the year ended June 30, 2025, capital assets balances changed as follows:

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Accounting Changes and Error Corrections:

Governmental activities and business-type activities beginning net positions for the year ended June 30, 2024 were restated by a decrease of 502,073 and 9,916 respectively. The restatement was due to the implementation of GASB 101, *Accrued Compensated Absences*. The implementation required the restatement to include additional amounts for sick leave that were more likely than not to be taken in the subsequent year.

	Governmental Activities	Proprietary Funds/ Business-Type Activities
June 30, 2024 balance before restatement	\$ 29,569,868	\$ 12,624,563
Implementation GASB 101, Compensated Absences	(502,073)	(9,916)
June 30, 2024 balance after restatement	<u>\$ 29,067,795</u>	<u>\$ 12,614,647</u>

8. Internal and Interfund Balances and Transfers

The City's policy is to eliminate interfund transfers and balances in the statements of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances and then offset in the total column in the government-wide statements. Interfund transfers and balances between funds are not eliminated in the fund financial statements.

Transfers:

Internal transfers between funds and activities for the year ended June 30, 2025 were as follows:

Transfer From	Transfer To	Amount	Purpose of Transfer
General Fund	Glenpool Utility Services Authority	\$ 2,727,904	Debt service
General Fund	Glenpool Utility Services Authority	1,800,000	Bond pledge
General Fund	Capital Improvement Fund	4,418,438	Grant matching/Capital Projects
General Fund	Glenpool Industrial Authority	217,384	Transfer for TIF payouts
Hotel-Motel Tax Fund	Glenpool Industrial Authority	253,970	Operations
Glenpool Utility Services Authority	General Fund	1,800,000	Return of bond pledge
Glenpool Utility Services Authority	ARPA Fund	262,500	WWTP project
Total		<u>\$ 11,480,196</u>	

Reconciliation to Fund Financial Statements:

9. Pledged Future Revenues

Sales Tax and Utility Net Revenues Pledge - The City has pledged four cents (or 78.4%) of future sales tax revenues and net utility revenues to repay \$40,720,000 of Series 2019 Utility System Revenue Bonds. Proceeds from the bonds provided financing for capital assets. The bonds are payable from pledged sales tax revenues and further secured by net water, sewer and sanitation utility revenues. The bonds are payable through 2041. The total principal and interest payable for the remainder of the life of these bonds is \$42,511,457. Pledged sales taxes received in the current year were \$4,527,904 and net water, sewer and sanitation utility revenues were \$479,090 for total pledged revenues of \$5,006,994. Debt service payments of \$2,683,437 for the current fiscal year were 53.5% of total pledged revenues for this note.

Sales Tax and Utility Net Revenues Pledge – The City has also pledged four cents (or 78.4%) of future sales tax revenues and net utility revenues to repay the following notes payable: \$3,740,625 of 2011 CWSRF Oklahoma Water Resources Board Notes Payable and \$35,000,000 of 2024 CWSRF Oklahoma Water Resources Board Notes Payable. Proceeds from the notes provided for the purchase or construction of sewer systems. The notes are payable from pledged sales tax revenues and further secured by net water, sewer and sanitation utility revenues through 2033 and 2057 respectively. The total principal and interest payable for the remainder of the life of these notes is estimated at \$51,264,656. Totals due are subject to change dependent on final draw amounts on the 2024 CWSRF loan, of which only \$262,500 has been drawn as of June 30, 2025. Pledged sales taxes received in the current year were \$4,527,904 and net water, sewer and sanitation utility revenues were \$479,090 for total pledged revenues of \$5,006,994. Debt service payments of \$213,564 for the current fiscal year were 4.3% of total pledged revenues for these notes.

10. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. The City manages these various risks of loss as follows:

- General Liability and Physical Property – Covered through participation in Oklahoma Municipal Assurance Group risk entity pool (1)
- Worker's Compensation – Worker's compensation is covered through participation in the Oklahoma Municipal Assurance Group risk entity pool (2)

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

(1) Liability Protection Plan

The basic insurance agreements cover claims against municipalities for all government functions, utilities, and services covered in the Plan. These include bodily injury, property damage, wrongful acts, personal injury, and related torts under the state tort claims law and federal civil rights laws. All public officials, employees, services, and municipal functions are covered unless they are specifically listed as exclusions in the Plan.

The title to all assets acquired by the Plan are vested in the Group. In the event of termination of the Group, such property shall belong to the then members of the Group in equal shares. Each participating City pays all costs, premiums, or other fees attributable to its respective participation in the Plan, and is responsible for its obligation under any contract entered into with the Plan.

Reserves for claim losses include provisions for reported claims on a case basis and an estimate of claims incurred but not reported limited by aggregate and individual loss levels as specified by the Plan's reinsurance contracts. These credits, if any, represent contingent liabilities of the Plan if the reinsurer was unable to meet its obligations under the reinsurance agreement.

The Plan's insurance agreements are reinsured for excess losses based upon the contract year. The significant components of each reinsurance contract can be obtained from the Plan's annual financial report.

(2) Worker's Compensation

The title to all assets acquired by the Plan are vested in the Plan. In the event of termination of the Plan, such property shall belong to the then members of the Plan in equal shares. Each participating city pays for all costs, premiums, or other fees attributable to its respective participation in the Plan, policy or service established under the agreement establishing the Oklahoma Municipal Assurance Group, and is responsible for its obligations under any contract entered into with the Plan.

Specific aggregate stop loss coverage is provided by Comp Source.

Reserves for policy and contract claims provide for reported claims on a case basis and a provision for incurred but not reported claims limited to specific retention levels for each member as outlined in the Plan's reinsurance agreement.

The Plan worker's compensation coverage is reinsured for losses in excess of respective retention levels. The reinsurance agreement covers losses incurred within the effective period of the agreement. Each Plan member's liability for claims losses is limited to their individual retention levels as outlined in the Plan's reinsurance agreement.

Management believes the insurance coverage listed above is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

11. Commitments and Contingencies

Litigation:

The City is a party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City Sinking Fund for the payment of any court assessed judgment rendered against the City. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

Federal and State Award Programs:

The City of Glenpool participates in various federal or state grant/loan programs from year to year. In , the City's involvement in federal and state award programs was material. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. The City has not been notified of any noncompliance with federal or state award requirements. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

12. Pension Plan Participation

The City of Glenpool participates in three pension or retirement plans:

- Oklahoma Firefighter's Pension and Retirement System (OFPERS) – a statewide cost-sharing plan.
- Oklahoma Police Pension and Retirement System (OPPRS) – a statewide cost-sharing plan.
- Oklahoma Municipal Retirement Fund – an agent multiple-employer defined contribution plan.

Oklahoma Firefighters' Pension and Retirement System:

Plan description - The City of Glenpool, as the employer, participates in the Firefighters Pension & retirement—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at www.ok.gov/FPRS.

Benefits provided - FPRS provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by Oklahoma statute. Retirement provisions are as follows:

Normal Retirement:

- Hired Prior to November 1, 2013
Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

- Hired After November 1, 2013
Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also participants must be age 50 to begin receiving benefits. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month.

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in the line of duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in the line of duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-the-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-the-line-of-duty pension is \$150.60 with less than 20 years of service or \$7.53 per year of service, with a maximum of 30 years.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

Contributions - The contributions requirements of the Plan are at an established rate determined by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% percent of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$341,494. The State of Oklahoma also made on-behalf contributions to FPRS in the amount of \$874,637 during the year and this is reported as both a revenue and an expenditure in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$861,450. These on-behalf payments did not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2025, the City reported a net pension liability of \$8,071,291 for its proportionate share of the total net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2024. Based upon this information, the City's proportion was 0.612804%.

For the year ended June 30, 2025, the City recognized pension expense of \$1,627,909. At June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,182,560	\$ -
Changes of assumptions	291,793	-
Net difference between projected and actual earnings on pension plan investments	-	61,993
Changes in proportion and differences between City contributions and proportionate share of contributions	619,106	116,456
City contributions during measurement date	809	23,078
City contributions subsequent to the measurement date	341,494	-
Total	\$ 2,435,762	\$ 201,527

In the year ending June 30, 2025, \$341,494 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30:</u>		
2026	\$ 443,505	
2027	1,134,368	
2028	207,555	
2029	107,313	
	\$ 1,892,741	

Actuarial Assumptions - The total pension liability was determined by an actuarial valuation as of July 1, 2024, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	2.75% to 10.5% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Mortality rates were based on the Pub-2010 Public Safety Table, with adjustments for generational mortality improvement using scale MP-2021 for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2024, valuation were based on the results of an actuarial experience study for the period July 1, 2018, to June 30, 2023.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2024, are summarized in the following table:

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed income	20%	5.86%
Domestic equity	42%	8.78%
International equity	20%	10.68%
Real estate	10%	9.68%
Other assets	8%	6.44%

Discount Rate - The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 36% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Employers' net pension liability	\$ 10,742,360	\$ 8,071,291	\$ 5,845,567

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the FPRS which can be located at www.ok.gov/FPRS.

Oklahoma Police Pension and Retirement System:

Plan description - The City of Glenpool, as the employer, participates in the Oklahoma Police Pension and Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Police Pension and Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes, through the Oklahoma Legislature, grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at www.ok.gov/OPPRS.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Benefits provided - OPPRS provides retirement, disability, and death benefits to members of the plan. The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later.

Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.

Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

Contributions - The contributions requirements of the Plan are at an established rate determined by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 8% percent of their annual pay. Participating cities are required to contribute 13% of the employees' annual pay. Contributions to the pension plan from the City were \$227,547. The State of Oklahoma also made on-behalf contributions to OPPRS in the amount of \$223,718 during the calendar year and this is reported as both a revenue and an expenditure in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$213,982. These on-behalf payments did not meet the criteria of a special funding situation.

Pension Liabilities (Asset) , Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2025, the City reported a net pension liability of \$1,025,042 for its proportionate share of the total net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2024. Based upon this information, the City's proportion was 0.391350%.

For the year ended June 30, 2025, the City recognized pension expense of \$1,453,390. At June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 428,021	\$ 8,360
Changes of assumptions	-	173,627
Net difference between projected and actual earnings on pension plan investments	548,849	-
Changes in proportion and differences between City contributions and proportionate share of contributions	97,486	89,252
City contributions during measurement date	780	7,273
City contributions subsequent to the measurement date	227,547	-
Total	<u>\$ 1,302,683</u>	<u>\$ 278,512</u>

In the year ending June 30, 2025, \$227,547 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30:</u>		
2026	\$ 59,437	
2027	517,437	
2028	162,384	
2029	46,446	
2030	10,920	
	<u>\$ 796,624</u>	

Actuarial Assumptions -The total pension liability was determined by an actuarial valuation as of July 1, 2024, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	3.5% to 12% average, including inflation
Investment rate of return:	7 .5% net of pension plan investment expense
Cost of living adjustments:	Police officers eligible to receive increased benefits according to repealed Section 50-120 of Title 11 of the Oklahoma Statutes pursuant to a court order receive an adjustment of 1/3 to 1/2 of the increase or decrease of any adjustment to the base salary of a regular police officer, based on an increase in base salary of 3.5% (wage inflation).
Mortality rates:	Active employees (pre-retirement) PubS-210 Employee (below median) Mortality Table with rates set forward two years and projected generationally using SOA Scale MP-2021.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

Healthy retiree mortality rates were based on the PubS-210 Contingent survivor (below median) Mortality Table with rate set forward two years and projected generationally using SOA Scale MP-2021.

Beneficiary mortality rates were based on the PubS-210 Contingent survivor (below median) Mortality Table with rate set forward two years and projected generationally using SOA Scale MP-2021.

Active employees (post-retirement) and nondisabled pensioners: RP-2000 Blue Collar Healthy Combined table with fully generational improvement using scale AA.

Disabled pensioners: PubS-2010 Disable Retiree Mortality Table with rates projected to 2023 using SOA Scale MP-2021.

The actuarial assumptions used in the July 1, 2024, valuation were based on the results of an actuarial experience study for the period July 1, 2017, to June 30, 2022.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2024, are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Fixed income	5.65%
Domestic equity	8.63%
International equity	10.68%
Real estate	9.55%
Private equity	11.64%

The current allocation policy is that approximately 60% of assets in equity instruments, including public equity, long-short hedge, venture capital, and private equity strategies; approximately 25% of assets in fixed income to include investment grade bonds, high yield and non-dollar denominated bonds, convertible bonds, and low volatility hedge fund strategies; and 15% of assets in real assets to include real estate, commodities, and other strategies.

Discount Rate - The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate - The following presents the net pension liability (asset) of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Employers' net pension liability (asset)	\$ 2,492,971	\$ 1,025,042	\$ (216,111)

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at www.ok.gov/OPPRS.

Summary of Contributions:

Oklahoma Firefighter's Pension and Retirement System			Oklahoma Police Pension and Retirement System		
Fiscal Year	Required Contribution	Percentage Contributed	Fiscal Year	Required Contribution	Percentage Contributed

2024	\$ 308,689	100%	2024	\$ 205,404	100%
2025	\$ 341,494	100%	2025	\$ 227,547	100%

Oklahoma Municipal Retirement Fund (OkMRF)

The City participates in a defined contribution plan with the Oklahoma Municipal Retirement Fund. The defined contribution plan is available to all full-time employees. A defined contribution plan's benefits depend solely on amounts contributed to the plan and investment earnings. Benefits vest at time of employment, with normal retirement at age 65. Participants are required to contribute 2% of their covered compensation and the City is required to contribute 7% of covered compensation. Participants are permitted to make voluntary deductible contributions to the plan. The City's annual cost for covered employees (with the exception of the City Manager and the Assistant City Manager) was equal to the City's required and actual contributions of \$219,241.

The City has separate defined contribution plans for the City Manager and Assistant City Manager. The City makes employer contributions that are set amounts in accordance with plan each year. For fiscal year 2025, the employer contributed 22% and 7%, respectively for the participants. The City's annual cost for the City Manager's plan of \$48,790 for 2025 was equal to the City's required and actual contributions. The City's annual cost for the Assistant City Manager's plan of \$1,256 for 2025 was equal to the City's required and actual contributions. The defined contribution plan for the Assistant City Manager was discontinued following the employee's retirement during the year ended June 30, 2025.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

13. Other Post-Employment Benefits

Plan description - The City provides post-retirement benefit options for health care, prescription drug, dental and vision benefits for retired employees not yet eligible for Medicare that elect to make required contributions. The benefits are provided in accordance with State law and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The relationship for these benefits is not formalized in a contract or plan document, only a few sentences in the administrative policy. These benefits are considered for accounting purposes to be provided in accordance with a single employer substantive plan. A substantive plan is one in which the plan terms are understood by the City and plan members. This understanding is based on communications between the employers and plan member and the historical pattern of practice with regard to the sharing of benefit costs.

Employees may become eligible for those post-retirement benefits if they reach normal retirement age while working for the City and may continue until they become eligible for Medicare benefits. As of June 30, 2025, no retired employee is receiving benefits under this plan.

Funding policy - The City funds the benefits on a pay-as-you-go basis. Eligible employees are required to pay premiums established by the City, with the City subsidizing the remaining costs. Contribution requirements are established and amended as needed by the City Council on an annual basis.

Employees Covered by Benefit Terms - At June 30, 2025 the following employees were covered by the benefit terms:

Active Employees	118
Inactive or beneficiaries currently receiving benefit payments	<u>+ 0</u>
Total	<u>118</u>

Total OPEB Liability - The City's total OPEB liability of \$892,699 was measured as of June 30, 2025, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions - The total OPEB liability as of June 30, 2025, was determined based on an actuarial valuation prepared as of June 30, 2025 using the following actuarial assumptions:

- Actuarial cost method – Entry age normal
- Cost method application – Level percentage of pay
- Discount rate – 4.81%
- Healthcare cost trend rates – 5.86% grading to 3.94%
- Payroll growth – 3.0%
- Mortality rates – Pub2016Gen and Pub2016PS Mortality (separate employee and retiree tables for males and females; separate tables for disabled lives) with full cohort mortality projection using SOA scale AA
- Retirement and turnover rates – OkMRF 2022 experience study for civilians; police and fire are based on rates for those groups in Oklahoma

As long as the City's OPEB plan remains unfunded the expected long-term rate of return is not relevant. However, should the plan be funded through an irrevocable trust sometime in the future, the OPEB expense will be reduced by the expected return on the fund, and the discount rates will be based on a mix of the municipal bond yield on the measurement date and the long-term rate of return of the fund based on its asset allocation.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

The long-term expected rate of return on OPEB plan investments is determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (3%) and deducting investment expenses. Best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Large cap stocks	37.0%	5.7%
Mid/small cap stocks	12.0%	6.5%
International stocks	17.0%	5.4%
Bonds	33.0%	2.5%
Multi-sector bonds	0.0%	3.5%
Real estate	0.0%	4.8%
Cash equivalents	1.0%	0.0%
Total	100.0%	

Changes in Total OPEB Liability –The following table reports the components of changes in total OPEB liability:

	Total OPEB Liability
Balances at Beginning of Year	<u>\$ 788,459</u>
Changes for the Year:	
Service cost	86,854
Interest expense	36,150
Differences between expected and actual experience	17,873
Change of assumptions	(36,637)
Net Changes	<u>104,240</u>
Total	<u>\$ 892,699</u>
Governmental Activities	\$ 780,118
Business-Type Activities	<u>112,581</u>
	<u>\$ 892,699</u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate - The following presents the total OPEB liability of the employer calculated using the discount rate of 4.81%, as well as what the Plan's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.81%) or 1-percentage-point higher (5.81%) than the current rate:

	1% Decrease (3.81%)	Current Discount Rate (4.81%)	1% Increase (5.81%)
OPEB liability	\$ 1,023,244	\$ 892,699	\$ 779,809

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate - The following presents the total OPEB liability of the employer calculated using the healthcare cost trend rates that are 1-percentage point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	Healthcare Cost		
	1% Decrease	Trend Rates	1% Decrease
	4.86%	5.86%	6.86%
	Grading to	Grading to	Grading to
	2.94%	3.94%	4.94%
OPEB liability	\$ 755,241	\$ 892,699	\$ 1,067,560

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – For the year ended June 30, 2024, the City recognized OPEB expense of \$74,812. At June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Governmental Activities		Business-Type Activities		Total Activities	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 27,051	\$ 212,744	\$ 3,904	\$ 30,702	\$ 30,955	\$ 243,446
Changes of assumptions	108,538	348,473	15,664	50,289	124,202	398,762
Changes in proportion	17,146	25,282	26,651	18,514	43,797	43,796
Total	\$ 152,735	\$ 586,499	\$ 46,219	\$ 99,505	\$ 198,954	\$ 686,004

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Governmental Activities		Business-Type Activities		Total Activities	
	Year ended June 30:					
2026	\$ (42,676)	\$ (4,905)	\$ (47,581)			
2027	(41,358)	(4,716)	(46,074)			
2028	(60,166)	(7,691)	(67,857)			
2029	(83,625)	(11,959)	(95,584)			
2030	(85,110)	(12,089)	(97,199)			
Thereafter	<u>(120,829)</u>	<u>(11,926)</u>	<u>(132,755)</u>			
	<u><u>\$ (433,764)</u></u>	<u><u>\$ (53,286)</u></u>	<u><u>\$ (487,050)</u></u>			

14. Tax Abatements

The City attracts and/or maintains business development through the GIA, which has the ability to induce developers with a sales tax and/or hotel-motel tax abatement agreement. These incentives stimulate economic growth and are seen as a benefit to all the residents and business owners throughout the City. Some of the factors considered are the jobs created during the development of the project, the permanent jobs that will remain after the completion of the project, the cost of the improvements to the property and the amount of sales tax that is expected to be generated by the business.

For the fiscal year ended June 30, 2025 the GIA did not abate hotel-motel tax that would have otherwise been remitted to the City.

**CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025**

Due to the confidentiality laws in Oklahoma Statutes, Title 68, Section 1354.11, the amount of sales taxes rebated will not be disclosed. The following businesses had rebate agreements with the City as of June 30, 2025:

1. In October 2020, the City entered into a sales tax reimbursement agreement with a business in the total amount of \$600,000. Reimbursement payments are made annually to this business and are based on the sales tax increase above an annualized baseline. The sales tax rebate period is ten years from the date all facility improvements associated with site plans are completed or until the \$600,000 has been reimbursed to the business, whichever is sooner.
2. In May 2018, the City of Glenpool Tax Increment District No. 2 was created whereby a developer is to receive reimbursement for qualified project costs up to \$3,250,000 or ten years expire, whichever comes first. Funding for this reimbursement comes from the allocation of ad valorem and sales tax based on the ad valorem tax increments in excess of base assessed value that are attributable to improvements made on the District site for the project and sales tax growth on taxable sales and services within the project area.
3. In January 2017, the City of Glenpool Tax Increment District No. 1 was created whereby a developer is to receive reimbursement for qualified project costs up to \$5,250,000 or ten years expire starting, whichever comes first. Funding for this reimbursement comes from the allocation of ad valorem and sales tax based on the ad valorem tax increments in excess of base assessed value that are attributable to improvements made on the District site for the project and sales tax growth on taxable sales and services within the project area.

Footnotes to Budgetary Comparison Schedules:

1. The budgetary comparison schedule is reported on a GAAP basis using the modified accrual basis with the exception of on-behalf payments made by the state related to firefighter and police pension and transfers in/out.
2. The legal level of appropriation control is the department level within a fund. Transfers of appropriation within a fund require the approval of the City Manager. All supplemental appropriations require the approval of the City Council. Supplemental appropriations must be filed with the Office of the State Auditor and Inspector.

CITY OF GLENPOOL, OKLAHOMA
ANNUAL FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2025

3. The budgetary basis differs from the modified accrual basis as shown in the schedule below:

SINGLE AUDIT AND INTERNAL CONTROL AND COMPLIANCE INFORMATION

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards

Honorable Mayor and
Members of the City Council
City of Glenpool, Oklahoma
Glenpool, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Glenpool, Oklahoma (the City), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated January 14, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable Mayor and
Members of the City Council
City of Glenpool, Oklahoma
Page 2

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Tulsa, Oklahoma
January 14, 2026

**Independent Auditor's Report on Compliance
for Each Major Federal Program; Report on Internal Control
over Compliance and Report on Schedule of Expenditures of
Federal Awards Required by the *Uniform Guidance***

Honorable Mayor and
Members of the City Council
City of Glenpool
Glenpool, Oklahoma

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited City of Glenpool's (the City's) compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2025. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (*Uniform Guidance*). Our responsibilities under those standards and the *Uniform Guidance* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Honorable Mayor and
Members of the City Council
City of Glenpool
Page 2

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Honorable Mayor and
Members of the City Council
City of Glenpool
Page 3

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal awards activity of the City of Glenpool, Oklahoma for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Glenpool, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Glenpool.

Note 2. Summary of Significant Accounting Policies

1. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
2. The City has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.
