**CUSTOMER:** Your Service Location is located within the "Glenpool Territory," meaning areas currently within Glenpool city limits and areas that may be annexed into Glenpool in the future. Because this Service Location has never been provided domestic water service by either the Glenpool Utilities Service Authority ("Glenpool") or Creek County Rural Water District No. 2 ("Creek-2"), you have the right to choose either Creek-2 or Glenpool to be your potable water service provider. [If your property has ever been served Creek-2 water and is located in the "Released Area" depicted on the Community Development Department Initials utility map, you may choose only to be served by Creek-2.] If you choose Creek-2 as your water service provider, development of this Service Location may require separate arrangements for (i) adequate water pressure for fire suppression; and/or (ii) Glenpool wastewater (sewer) services. A Community Development Department staff member will explain this information in more detail.

**ACKNOWLEDGEMENT**

I, \_\_\_\_\_ [print name], acknowledge that I have received, understand and agree to the terms and conditions of the foregoing Notice as a requirement for issuance of a building permit.
